

All About Autism 2011/2012

Behaviour and Safety Issues

An introduction to the ABC's of behaviour, how applied behaviour analysis can help understand your child's behaviour.

Find out how to keep your family safe in your home, learn about Project Lifesaver and the Autism Registry.

This workshop will be presented by Thames Valley Children's Centre and a local Windsor Firefighter.

Cost: FREE

When: Wednesday February 8th, 2012 at 6:30pm

Where: Autism Services Library 3600 Curry Road

* Please note that in the case where registration grows too large there may be a venue change & we will contact you*

The workshop begins at 6:30 and typically last for two hours. This is a great opportunity for parents, caregivers, respite workers, educators and educational assistants to come together and learn more about helping the child or young adult in their lives. Since the workshop is free space is limited so please [click here](#) to pre-register.
